Functional Responsibilities

Provide system/equipment configuration and operational support for all variants of the MK 2 Ship's Self Defense Systems in support of Surface Combat System Center's test requirements.

Description of Duties

Some specific tasking will include:

- Perform comprehensive equipment and system level maintenance for the following Navy Combat Systems: MK1 Mod 0; MK2 Mod 1A/2A/3A; MK2 Mod 2; MK2 Mod 1C; MK2 Mod 2C; MK2 Mod 3C; MK2 Mod 5C and MK2 Mod 6C
- Provide system/equipment configuration and operational support for all variants of the MK 2 Ship's Self Defense Systems in support of Surface Combat System Center's test requirements
- Schedule planned maintenance actions utilizing SKED program in accordance with the Navy's Maintenance Material Management (3M) system and also be responsible for documenting all maintenance actions, including repair part requisitions, using the OMNS-NG program

Minimum Education and Experience:

- High School/GED and at least 3 years demonstrated experience assessing, troubleshooting, and performing corrective maintenance and preventive maintenance on systems and equipment
- PQS 301 qualification is required. If selected candidate is not PQS 301 qualified on or before hire date, he/she must be willing and able to obtain PQS 301 qualification within 3 months of employment

Required Skills and Certifications:

- DoD Secret Clearance or ability to obtain an Interim Secret Clearance within 90 days of signing the contingent hire offer letter
- As a condition of continued employment, you must maintain an active security clearance

Other required skills/experience:

- Your resume/cv accepted by our customer
- Certified ETA Fiber Optic Installer
- Experience with Network devices and an understanding of Operating Systems, preferably RedHat or UNIX
- Performed maintenance on BFTT
- Able to work a variety of 40 hour work-week configurations include 1st or 2nd shift, variable shifts or sliding shifts
- Proficient in MS Office Word, Outlook, Excel, Access, and Power Point
- Strong attention to detail with organizational and problem solving skills
- Ability to interface constructively with US Government and Industry teammates
- Excellent written, verbal and interpersonal communication skills
- Ability to work independently and pro-actively in providing high quality services
- This position is governed by the provisions of the Service Contract Act and Executive Order 13706
