About Our Company

Pugh Associates is a Woman and Veteran Owned Small Business, headquartered in St. Petersburg, Florida with field offices in Mount Laurel, New Jersey and Gautier, Mississippi, providing quality Technical and Programmatic Solutions to our Government and Industry customers. Our dedicated staff prides themselves as the Subject Matter Experts in Ship Design, System Engineering, Test & Evaluation, Combat Systems Alignment, Integrated Logistic Support and Combat System Simulation. Pugh Associates is a great place to work, and our team is inspired to provide our warfighters with the tools to defeat threats!

Functional Responsibilities

The Electrical Designer will be part of a design team will be responsible for electrical design using computer-aided AutoCAD design software and experience with Pro/ENGINEER and SolidWorks is a plus.

Description of Duties

The Electrical Designer must have experience with AutoCad in a military (preferably shipbuilding) environment with the ability to read government Interface Control Documents (ICDs) and vendor drawings then convert/use them to develop CAD documents. This work will entail both design creation of CAD documents as well as making corrections to other vendor drawings. These documents will be used to support production design as well as being delivered to the US Coast Guard customer as a Contract Data Requirements List (CDRLs).

Minimum Education and Experience:

- Bachelor of Science Degree in an Engineering discipline
- Minimum five (5) years experience as a skilled Electrical Designer in development, design, interpretation, and corrections
- Military experience may substitute may for BS degree
- Possess good communication skills including interpersonal communication and team communication
- Takes initiative and has a closure-oriented nature
- Ability to work with Engineers while successfully collaborating with, and influencing other managers or engineers from other disciplines
- Motivated, team-oriented individual with strong problem-solving abilities

Required Skills and Certifications:

- DoD Secret Clearance or ability to obtain an Interim Secret Clearance within 90 days of signing the contingent hire offer letter
- As a condition of continued employment, you must maintain an active security clearance

Other required skills/experience:

- Your resume/cv accepted by our customer
- Proficient in MS Office Word, Outlook, Excel, Access, and Power Point
- Strong attention to detail with organizational and problem solving skills
- Ability to interface constructively with US Government and Industry teammates
- Excellent written, verbal, and interpersonal communication skills
- Ability to work independently and pro-actively in providing high quality services
